Available exclusively for **FlexSystem**

MyCash Manager: manage your money smarter

When you submit a request for reimbursement for an eligible employee benefits expense, your approved reimbursement will be deposited directly into your MyCash account—usually within 24-48 hours. You can access your MyCash funds in three ways: swipe your TASC Card at any merchant that accepts MasterCard, withdraw at an ATM with your TASC Card, or transfer to a personal bank account. It's easy to view and manage your MyCash funds from your private MyCash Manager, a state-of-the-art web tool within MyTASC (www.tasconline.com) designed exclusively for the management of your MyCash account.

RECENT ACTIVITY

View your recent MyCash reimbursements, transfers, ATM withdrawals, and/or TASC Card signature debit transactions.

View your TASC Card information, re-issue a card, request an ATM PIN, view allowed benefits, request a dependent card, and view card history.

> **Request a TASC Card for** your dependent(s).

John submitted a Request for Reimbursement last week and wants to know if his account has been credited. He can visit MyCash Manager to view all of the funds entering and exiting his MyCash account.

Check your balance at any time.

BANK ACCOUNT

Save your bank account details so you can easily schedule transfers from your MyCash account to a personal bank account.

Save multiple accounts!

Making MyCash Transfers

The industry-exclusive tools in MyCash Manager let you make transfers how and when it's convenient for you! Using a robust set of options, you may transfer funds from MyCash to a personal savings or checking account any time from anywhere.

Choose from four types of transfers:

Quick Transfer: a single, instant transfer with no bank account details saved unless a saved bank account is selected.

Quick Transfer

One Time Transfer: a single transfer scheduled in advance using saved or new bank account details, based on date or amount.

Make a transfer of your MyCash funds to a personal bank account without saving your bank account information. Recurring Transfer: multiple transfers scheduled in advance using saved or new bank account details, based on date or amount.

e = \$500.00

Automatic Transfer: repeated transfers scheduled to occur to a selected bank account every time funds enter MyCash (same as direct deposit).

QUICK TRANSFER

Make an instant transfer of your MyCash funds to a personal bank account without saving your bank account details (unless you select a saved bank account).

SCHEDULE A TRANSFER

Schedule a transfer of your MyCash funds to a personal account. Establish a MyCash Schedule for one-time, recurring, or automatic (direct deposit) transfers based on your personal needs.

MyCash SCHEDULES

View your existing and past transfer schedules, and the history of each. You can edit your existing schedule or delete it to make a new schedule.

Patti prefers her reimbursements be direct deposited into a bank account of her choice. She should schedule an "automatic" transfer to occur every time funds enter MyCash.

Jennifer wants funds in her bank account on the 15th of each month to pay her daycare provider. She simply needs to schedule a "recurring" transfer "by date" for the amount due to her nanny.

View all the transfers that occurred in this schedule.
