## Where to fill your prescription

Choosing where to fill your prescription depends on whether you are ordering a short-term or long-term medication:

- **Short-term medications** are generally taken for a limited amount of time and have a limited amount of refills, such as an antibiotic. You can fill prescriptions for these medications at any pharmacy in the CVS Caremark retail network.

  - Choose from more than 68,000 network pharmacies nationwide, including independent pharmacies, chain pharmacies and 7,700 CVS/pharmacy locations.
  - Find a participating pharmacy at [www.caremark.com](http://www.caremark.com)

  **Tip:** To avoid filling out claims paperwork, bring your Prescription Card with you when you pick up your prescription, and use a pharmacy in the CVS Caremark retail network.

- **Long-term medications** are taken regularly for chronic conditions, such as high blood pressure, asthma, diabetes or high cholesterol. You will generally save money by using mail service for these prescriptions.

  Choose one of three easy ways to start using the CVS Caremark Mail Service Pharmacy:

  1. Fill out and send in a mail service order form – use the one included in this welcome kit or print one at [www.caremark.com](http://www.caremark.com)
  2. Use the FastStart® tool found on [www.caremark.com](http://www.caremark.com)
  3. Call FastStart toll-free at 1-800-875-0867
