Important Questions	Answers	Why This Matters:
What is the overall deductible ?	For Out-of-Network providers \$100 for an individual plan / \$300 for a family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy , the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible ?	Yes. Emergency room services, emergency medical transportation and prescription drugs	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services
What is the out-of-pocket limit for this plan ?	For In Network providers \$4000 for an individual plan / \$8000 for a family plan. For Out-of-Network providers \$6350 for an individual plan / \$12700 for a family plan.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.BCBSRI.com or by calling 1-800-639-2227 or (401) 459-5000 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
