CITY OF PROVIDENCE, RHODE ISLAND**

SECTION I: INTRODUCTION

The Providence/Cranston Workforce Development Board (PCWDB) is issuing this Request for Proposals (RFP) to solicit a qualified entity with the expertise and capacity to become the One-Stop Operator for the Providence/Cranston Workforce Development Area. We are interested in reimagining the workforce development system and seek innovative proposals that coordinate services and manage programs that connect unemployed workers to employment opportunities through new, unique, and efficient strategies.

This RFP is for an entity to assume management responsibilities of a One-Stop Career Center, also known as the American Job Center (AJC) at a site in the Providence/Cranston workforce development area (cities of Providence and Cranston) to be determined by the PCWDB in accordance with the provisions of WIOA law Sec. 121 (d) and WIOA Regulations 678.605 which require that a One-Stop Operator must be competitively selected at least once every four years.

The cities of Providence and Cranston have been formally designated as a workforce development area under the Federal law entitled, Workforce Innovation and Opportunity Act (WIOA). The PCWDB was established by the Mayor of the City of Providence, who is the chief local elected official of the workforce development area, in partnership with the Mayor of the City of Cranston. A consortium agreement between both mayors formerly establishes the partnership. Through an agreement with the PCWDB, the Mayor for the City of Providence in his role as the chief local elected official identified Workforce Solutions of Providence/Cranston (WSPC), a municipal agency, to be the administrative entity responsible for providing support to the PCWDB. WSPC consists of municipal workers from the cities of Providence and Cranston and is the entity responsible for administering and providing WIOA adult, dislocated worker and youth programs and provides administrative support through a Memorandum of Understanding (MOU) to the PCWDB.

WIOA is the primary Federal legislation that supports workforce development and was enacted to bring about increased coordination and alignment among Federal workforce development and related programs. These programs provide a combination of education and training services to prepare individuals for work and to help them improve their prospects in the labor market. They may include activities such as job search assistance, career counseling, occupational skills training, classroom training or on-the-job training. The Federal government provides workforce development activities through WIOA's programs and other programs designed to increase the employment and earnings of workers.

The WIOA system provides central points of service through its system of AJC's. The concept of an AJC is to provide a single location for individuals seeking employment and training services, thus making the process of locating

**BOARD OF CONTRACT AND SUPPLY
CITY OF PROVIDENCE, RHODE ISLAND**

and accessing employment services more efficient and seamless. WIOA requires certain programs to be partners in the AJC, either by physical co-location or other accessible arrangements.

The One-Stop Operator shall:

- Provide career services and access to training services;
- Provide access to programs and activities carried out by AJC partners; and,
- Provide access to all workforce and labor market information, job search, placement, recruitment and labor exchange services authorized under the Wagner-Peyser Act. WIOA requires the co-location of the Employment Service with AJC.

As noted, one of the characteristics of the WIOA AJC system is the establishment of a central point of service for those seeking employment, training and related services. To this end, WIOA requires that certain mandatory partner programs provide access to career services in the AJC system and allows additional programs to operate in it. The required partner programs are listed below.

| MANDATORY PROGRAM | SERVICE PROVIDER |
|-----------------------------------------------|-------------------------------------|
| WIOA Adult Programs | Office of the Mayor, City of Prov. |
| WIOA Dislocated Worker Programs | Office of the Mayor, City of Prov. |
| WIOA Youth Programs | Office of the Mayor, City of Prov. |
| Wagner-Peyser Employment Service Programs | R.I. Department of Labor & Training |
| Unemployment Comprehensive Insurance Programs | R.I. Department of Labor & Training |
| Migrant and Seasonal Farmworker Programs | R.I. Department of Labor & Training |
| Senior Community Service Employment Program | R.I. Department of Labor & Training |
| Trade Adjustment Assistance Programs | R.I. Department of Labor & Training |
| Veterans Employment Programs | R.I. Department of Labor & Training |
| Adult Education and Literacy Programs | R.I. Department of Education |

**BOARD OF CONTRACT AND SUPPLY
CITY OF PROVIDENCE, RHODE ISLAND**

In addition, the AJC system may incorporate other partner programs, including:

- Employment and training programs administered by the Social Security Administration (e.g., Ticket to Work);
- Employment and training programs carried out by the Small Business Administration;
- Any employment and training activities required of recipients under the Supplemental Nutrition Assistance Program (SNAP, formerly known as the Food Stamp program) and work programs for those recipients who are able-bodied adults without dependents;
- The Client Assistance Program authorized under section 112 of the Rehabilitation Act of 1973;
- Programs authorized under the National and Community Service Act of 1990 (e.g. AmeriCorps); and,
- Other appropriate government or private-sector programs.

The PCWDB is required to enter into an MOU with each AJC partner that describes the operation of the AJC delivery system in the Providence/Cranston Workforce Development Area. The MOU enumerates the services to be provided, specifies the division of operating costs among partners, describes methods of referral of individuals to partner programs, describes the methods to ensure accessibility to services and indicates the duration of the MOU and the procedures to amend it. Mandatory AJC partners identified in the chart above are required to use a portion of their funding to maintain the AJC delivery system including payment of the infrastructure cost of the AJC,

Under the WIOA legislation, the PCWDB, as the local Workforce Development Board is required to designate or certify a One-Stop Operator through a competitive process. The issuance of this RFP addresses this requirement. Respondents will be submitting proposals specific to the overall management of the AJC, the coordination of services provided by AJC partners, and any additional services deemed important by the respondent for smooth operation of the AJC.

- An area career and technical education school; and/or,

Other than a non-traditional public secondary school or an area career and technical education school, WIOA precludes elementary or secondary schools from eligibility to serve as One-Stop Operators.

PART B: CHARACTERISTICS OF A HIGH-QUALITY AJC

The characteristics identified below are designed to reflect elements that the Federal government believes contribute to a high-quality AJC delivery system. They also reflect the PCWDB's vision of how employment, training and related education services can be delivered to meet the expectations of our job seeking and employer customers. They demonstrate the spirit and intent of WIOA to serve individuals with barriers to employment and encourage employer engagement and will result in successful integration and implementation of partner programs in an AJC system. These characteristics are grouped into four functional categories: (1) Customer Service; (2) Innovation and Service Design; (3) Systems Integration and High-Quality Staffing; and, (4) Community Focus. Applicants responding to this RFP are advised to reflect these characteristics in their proposal submittal.

1. THE AJC SHOULD PROVIDE EXCELLENT CUSTOMER SERVICE TO JOB SEEKERS, WORKERS AND BUSINESSES.

- The AJC space reflects a welcoming environment with the expressed goal of providing seamless and streamlined services with no "wrong door" to job-seeking customers and employers;
- The AJC develops, offers and delivers quality business services that are demand driven and assist specific businesses and industry sectors in overcoming the challenges of recruiting, retaining and developing talent for the local economy;
- The AJC improves the skills of job seekers and worker customers;

- The AJC provides career services that motivate, support and empower customers, including individuals with disabilities and other barriers, to make informed decisions based on local and regional economic demand and effectively attain their personal employment and education goals; and,
- The AJC values skill development by assessing and improving each individual's basic, occupational and employability skills.

2. THE AJC REFLECTS INNOVATIVE AND EFFECTIVE SERVICE DESIGN

- The AJC uses an integrated and expert intake process for all customers. The frontline staff is highly familiar with the functions and basic eligibility requirements of each program, and they appropriately assist customers and make knowledgeable referrals to partner programs;
- The AJC designs and implements practices that actively engage industry sectors and uses economic and labor market information, sector strategies, career pathways, Registered Apprenticeships and competency models to help drive skill-based initiatives;
- The AJC balances traditional labor exchange services with strategic talent development within the workforce development area;
- The AJC ensures meaningful access to all customers; and,
- The AJC incorporates innovative and evidence-based delivery models that improve the integration of education and training, create career pathways that lead to industry recognized credentials, encourage work-based learning and use state-of-the-art technology to accelerate learning and career success.

3. THE AJC OPERATES WITH INTEGRATED MANAGEMENT SYSTEMS AND HIGH-QUALITY STAFFING

- The AJC reflects the establishment of robust partnerships;
- The AJC organizes and integrates services by function rather than by program;
- The AJC supports the goal of working toward the development and maintenance of an integrated case management system that informs customer service throughout the customer's interaction with the integrated system and allows information collected from customers at intake to be captured once. In this system, the customer's information is properly secured in accordance with personally identifiable information guidelines and facilitated as appropriate, with the necessary memoranda of understanding or

- other forms of confidentiality and data sharing agreements, consistent with Federal and state privacy laws and regulations;
- The AJC develops and implements operational policies that reflect an integrated system of performance, communication, case management and use of technology to achieve integration and expanded service offerings;
- The AJC uses common performance indicators to ensure Federal investments in employment and training programs are evidence-based, labor market driven and accountable to participants and taxpayers;
- The AJC trains and equips staff in an ongoing learning process with the knowledge, skills and motivation to provide superior service to job seekers, including those with disabilities and businesses in an integrated, regionally focused framework of service delivery. Center staff is cross-trained, as appropriate, to increase staff capacity, expertise and efficiency; and,
- The AJC staff members include highly trained staff.

The primary role of the One-Stop Operator is to coordinate the service delivery among the various required partner agencies and service providers. The goal is to offer seamless services to job seekers and employers.

4. THE AJC HAS A COMMUNITY FOCUS

In addition to the AJC characteristics identified above, the PCWDB wants to ensure that the Providence/Cranston AJC system has a community focus that provides a direct connection between the AJC system and the customers, programs and services of community-based organizations located throughout the Providence/Cranston Workforce Development Area. The PCWDB is committed to ensure AJC services are available throughout the entire Providence/Cranston Workforce Development Area. This may be accomplished by managing the out-stationing of AJC partner staff on a regularly scheduled basis at community-based organizations throughout the Providence/Cranston Workforce Development Area. Another strategy includes hosting staff from community-based organizations located in the Providence/Cranston Workforce Development Area on-site at the AJC. Through these strategies, the AJC system is expected to serve as “hubs” within the service area having the following characteristics:

- The AJC must have sufficient Spanish-speaking and other bilingual staff to serve the area’s significant non-English speaking populations;
- The AJC must be sensitive to needs of the community in which it operates;

**BOARD OF CONTRACT AND SUPPLY
CITY OF PROVIDENCE, RHODE ISLAND**

- The AJC must be nimble and responsive to changing demographic trends in order to provide culturally and linguistically relevant services in the Providence/Cranston Workforce Development Area;
- The AJC has an effective system of values, principles, attitudes, behaviors and policies that demonstrate effective cultural competence in working effectively with job-seeker customers as well as business customers from diverse backgrounds;
- The AJC must conduct regular outreach activities and develop recruitment strategies to inform the community of services available and ensure a steady pipeline of participants coming to the center. AJCs are expected to network and outreach with community- and faith-based organizations, schools and other employment service providers;
- The AJC must act as fast responders or lead facilitators in staffing special outreach and recruitment events, hosting tables at conferences or other public events, and participating in other PCWDB-sponsored projects and activities. These may include job fairs and large scale hiring events; and
- The AJC will be required to provide support to workers and businesses experiencing mass layoffs in conjunction with WSPC and the Rhode Island Department of Labor and Training.
