BID PACKAGE SPECIFICATIONS

City of Providence - Downtown Basic Health Needs

The City of Providence's Healthy Communities Office seeks provision of supplies and services to meet basic health needs and support efforts to reduce the incidence of opioid overdose in Downtown Providence, for the period of December 1, 2020-August 31 2022. This contract will be funded for December 1, 2020-August 31, 2021. Funding for the period of September 1, 2021-August 31, 2022 will be contingent upon available funding. Questions about this RFP should be directed to Healthy Communities Office Deputy Director Rachel Newman Greene, rnewmangreene@providenceri.gov.

Background

The Healthy Communities Office (HCO) leads the City of Providence's health policy and promotion efforts with a mission to ensure that Providence residents have equitable access to the resources they need to lead healthy lives (www.providenceri.gov/healthy).

In September 2020, the HCO completed the Downtown Overdose Hotspot Needs Assessment to identify gaps and priorities to reduce incidents of opioid overdose in Downtown Providence. This work was funded by a grant from the RI Department of Health and the Centers for Disease Control. A primary finding of the Needs Assessment is: *There is an unmet need for health-related, including overdose prevention, services Downtown, particularly in Kennedy Plaza and Burnside Park.* The needs assessment further details:

Despite the number of service organizations providing resources to individuals who use drugs, nearly all stakeholders across all sectors believe that more health and social services are needed Downtown for people who use substances. . .

Most stakeholders agreed about the importance of providing services in and around the Kennedy Plaza and Burnside Park area, including harm reduction services and outreach from social service agencies. . .

During the COVID-19 pandemic, services that meet the basic needs of people who use drugs have become increasingly difficult to access. Many stakeholders expressed concern about increasing unmet needs for overdose services and basic health and shelter in this area. Restroom facilities and food access were especially called out as basic needs that are unmet Downtown.

Meeting basic health needs Downtown is one aspect of HCO's multi-part overdose prevention strategy. Other aspects include coordination of outreach agencies, provision of overdose prevention materials and training to organizations and businesses in the Downtown vicinity, and coordination of all stakeholders invested in the issues of overdose and health Downtown.

Goal & Strategies

The HCO seeks proposals to provide the following in support of people at risk of overdose in Downtown Providence:

- Basic health and sanitation supplies
- Food and water
- Other health-related facilities, services and/or supplies (e.g. cooling/warming center, community space and/or other)

The goals of the resulting contract will be to reduce the incidence of overdose and other negative health outcomes in Downtown by addressing the basic health needs of individuals with use substances and/or experience behavioral health disorders. Preference will be given to organizations that have proven track records in addressing the needs of individuals at risk of overdose in Downtown, and

BOARD OF CONTRACT AND SUPPLY CITY OF PROVIDENCE, RHODE ISLAND

that can provide a permanent service location in easy foot access to Kennedy Plaza, Burnside Park and Providence Place Mall as identified overdose hotspots within Downtown.

In addition to supplying the above services and supplies, the contracted agency will participate in collaborative meetings of downtown stakeholders, convened by the Healthy Communities Office, including four monthly meetings between December 2020 and March 2021 and bimonthly meetings thereafter. The goals of these meetings will be to share information, share and coordinate resources, identify barriers and collaborative strategies to overcome them, develop and track success metrics and collaboratively develop new strategies and activities. Other meeting participants will include:

- The Overdose Prevention Outreach Coordinator
- The Overdose Prevention In-reach Coordinator
- Providence EMS (as available)
- Other City departments focused on basic needs and quality of life Downtown
- Other stakeholders including businesses, business associations, resident representatives, relevant State offices, and others

Eligible Applicants

The HCO seeks applications from organizations that rely on the peer support services model and have a demonstrated commitment to improving health outcomes for individuals who use substances and/or experience behavioral health disorders in Providence. Applying organizations are expected to have existing relationships with social service providers and community-based initiatives that support people at risk of overdose in Downtown Providence.
