

# Surprise Jack o'Lantern

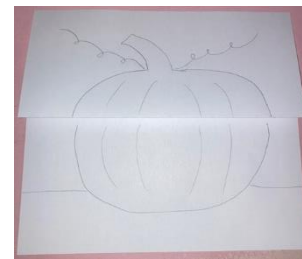

Supplies:  
paper, pencil, crayons or markers

Instructions:

1. Fold the paper in half.
2. While leaving the center fold in the paper, fold the bottom half up so 2 inches of it are inside the fold and 3 inches are folded up.
3. You are left with a flat paper with one visible crease that looks like this:

4. Draw your pumpkin around the paper crease, so the top of the pumpkin is on the top section and the bottom of the pumpkin is on the bottom section.

5. Pull the top of the paper up to open the crease and add the jack o'lantern face. Connect the sides of the pumpkin.

6. Add a background if you like and color your surprise drawing. Close the fold for a cute pumpkin; open it up for the surprise!
