Staff Report: Francis Street Improvements – Downtown (For Action)

Presented at June 15, 2016 BPAC meeting

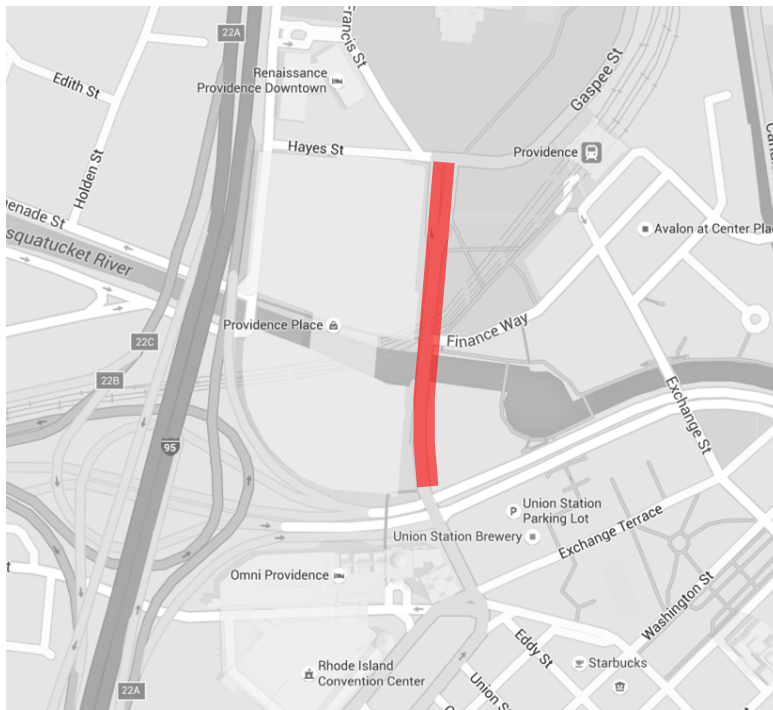

Project Description

The City of Providence has received the following plans from Providence Place Mall for improvements to Francis Street and the Riverwalk/Providence Place Mall stairs:

- Phase 1 Plans: Revisions to Francis Street roadway and sidewalk in front of the Providence Place Mall between the Woonasquatucket River and Memorial Boulevard, including the restriping of a portion of Francis Street to accommodate a dedicated lane for vehicular traffic exiting the Mall and new plantings (approved by the Capital Center Commission)
- Phases 2 and 3 Plans: Improvements to Francis Street from the Amtrak Bridge to Hayes (approved by the Capital Center Commission)

The plans do not include curbline modifications, only restriping, repair work, and modifications to stairs for ADA compliance.
