Re: Blue Dog Capital Partners, LLC. Located at 126 Adelaide Ave, Plat 52, Lot 351

Dear Chairman Greenfield:

As the Councilwoman for Ward 9, I am respectfully requesting a continuance on the matter that will be before your committee on Wednesday, August 12, 2020 regarding Blue Dog Capital.

The developer has not done adequate community outreach, and I respectfully request a continuance so that we may have a community meeting to gather relevant input from the abutting neighbors. Any time a developer comes into a community it is paramount that there be community dialogue and discussion, and this has not occurred.

Therefore, I am requesting that the Zoning Board of Review continue this matter until this can happen. My office will be happy to facilitate a community meeting to ensure that this process is predictive and has the adequate community dialogue that is needed.

If you have further questions regarding my concerns, please reach out to my office at 401-521-7477.

Sincerely,

Carmen Castillo
Providence City Council
Councilwoman - Ward 9
