Subject: Zoning changes

Good afternoon,

My name is Tracey Driscoll and I am an assistant health center director at the Providence Community Health Center, Olneyville Location. I am unfortunately unable to make it to the meeting tomorrow, however I did want to voice my opinion. One of our biggest health care centers is located directly across the street from where Narragansett Improvement Company is proposing grinding reclaimed asphalt. This is a health care center meant to promote health and well being for our patients. It is not an ideal situation to have toxic work being done across the street where we are trying to give healthcare to our patient population. I am asking for re-zoning to be reconsidered in the area of a health care center.

Thank you in Advance,
Tracey L. Driscoll RN BSN.
