## **BID PACKAGE SPECIFICATIONS**

### **City of Providence - Overdose Prevention Evaluation Services**

The City of Providence's Healthy Communities Office seeks a minimum of 200 hours of evaluation services for the City's Downtown Overdose Prevention activities, for the period of December 1, 2020-August 31, 2022. This contract will be funded for December 1, 2020-August 31, 2021. Funding for the period of September 1, 2021-August 31, 2022 will be contingent upon available funding. Questions about this RFP should be directed to Healthy Communities Office Deputy Director Rachel Newman Greene, [rnewmangreene@providenceri.gov](mailto:rnewmangreene@providenceri.gov).

### **Background**

The Healthy Communities Office (HCO) leads the City of Providence's health policy and promotion efforts with a mission to ensure that Providence residents have equitable access to the resources they need to lead healthy lives ([www.providenceri.gov/healthy](http://www.providenceri.gov/healthy)).

In September 2020, the HCO completed a community-based needs assessment around the issue of opioid overdose in the 02903 zip code area (Downtown Providence), funded by the Rhode Island Department of Health. The needs assessment included data collection and review, and conversations with multiple stakeholders in the Downtown area and on the topic of substance use and behavioral health challenges. Stakeholders included businesses, property owners and social service agencies serving populations at risk of overdose.

Key recommendations that emerged from the needs assessment included:

1. Overdose data reporting is inconsistent and presents barriers to geographic or population-based overdose prevention efforts;
2. There is an unmet need for health-related, including overdose prevention, services Downtown, particularly in Kennedy Plaza and Burnside Park;
3. Services need to be better coordinated at the neighborhood, city and state level;
4. Sustained financial support is needed to enhance overdose prevention efforts;
5. The Providence Place Mall should adopt harm reduction efforts in restrooms;
6. The Downtown Improvement District (DID) presents an opportunity to deliver harm reduction services unique to Downtown;
7. A Harm Reduction Center is needed to meet the health needs of people Downtown at high risk for overdose; and
8. A holistic approach is required to serve people at risk for or who experience overdose.

The HCO is collaborating with partners and providing funding to address these recommendations, with specific focus on Recommendation 2, *unmet need for health-related services Downtown*, and Recommendation 3, *coordination of services*. Related activities and evaluation services are funded through Year 2 of the Rhode Island Department of Health Overdose Hotspot grant.
