PROVIDENCE WATER

REQUEST FOR PROPOSALS FOR REAL ESTATE APPRAISAL SERVICES

Providence Water is soliciting proposals for “Real Estate Appraisal Services” from qualified firms.

GENERAL DESCRIPTION

Providence Water is the major provider of water for the Providence metropolitan area. Water is supplied to more than one-half of the state or approximately 600,000 people in twelve (12) cities or towns. Water collected within a 93 square mile watershed is stored within five (5) tributary reservoirs and the main Scituate Reservoir. The water is treated at a conventional water filtration facility in Scituate, Rhode Island. Customers receive water through a complex distribution system consisting of hundreds of pipes, distribution storage reservoirs and pumping stations.

I. OBJECTIVE

Providence Water purchases land within the towns of Scituate, Foster, Glocester and Johnston to assist in achieving its watershed protection goals. The objective of this RFP is to retain qualified firms to conduct appraisals of land which will be considered for acquisition. These properties are primarily forested, ranging in size from 5 to 150 acres each. Occasionally the properties contain structures (single family homes, barns, commercial buildings), and the appraiser may be required to provide separate values for them. The Appraiser will detail in their proposal the methodologies they will use to determine the values.

At this time, pricing is being requested to conduct appraisals of four (4) parcels of land.

II. SCOPE OF WORK

- 2.1 The appraisal shall, in form and substance, conform to recognized appraisal practices and to the principles of evaluating property for determining values.
- 2.2 The firm must be familiar with the rules and regulations of the RIDEM as they may apply to Freshwater Wetlands and ISDS; and The Farm, Forest and Open Space Act; (Chapter 44-22 of RIGL), especially Forest Land.

- 2.4 For those additional parcels, above and beyond the original four (4) properties, Providence Water will reserve the right to use any of the approved firms on an "on-call basis". After being provided a description of the parcel, the firm will provide a lump sum cost within one (1) week. After being given authorization to proceed, the firm will provide an appraisal within the mutually agreed upon time frame. Failure to meet the deadline will result in cancellation of the task. Providence Water will not pay for any portion of the incomplete appraisal.
- 2.5 The performance of services or acceptance of all reports required hereunder shall not relieve the Appraiser from obligations to correct any defective work subsequently discovered, and all incomplete, inaccurate or defective work shall be remedied by the Appraiser within ten (10) days on demand without cost to Providence Water.
- 2.6 In the event that the testimony of the Appraiser is required in any administrative or legal proceedings, the Appraiser agrees to appear as a witness on behalf of Providence Water and agrees that fair and reasonable compensation for these services shall be charged. The Appraiser shall keep such personal records of all details with respect to the appraisals of property, buildings and their contents which will enable the Appraiser to appear as such witness.
- 2.7 The Appraiser agrees to perform any additional services as required by Providence Water prior to the completion of the contract. The Appraiser will furnish an estimate of the costs involved, and will not proceed with any additional work until notified of authorization by Providence Water in writing. Additional services shall be performed within the terms of this Contract and in accordance with the hourly personnel and task rates set forth in the quotation sheet.
- 2.8 The Appraiser agrees that his report and conclusions are for the confidential information of Providence Water and that he will not disclose his conclusions, in whole or in part, to any person whatsoever other than to submit his written report to Providence Water and will only discuss the same with it or its authorized representatives, or if called upon to testify in relation to such report and conclusions under oath in an administrative or judicial forum for the purpose of determining fair market value.
- 2.9 It is understood that the time within which the work is to be performed is of primary importance and of the essence of this contract.
- 2.10 The final appraisal report shall be a full appraisal. Letters of valuation will not be acceptable.

- 2.11 Each appraisal report will contain: (1) a value for a conservation easement, and (2) a value for “fee simple” acquisition. For those parcels which contain a house and/or accessory buildings, a third value containing a value for the house, accessory buildings and an undefined “envelope” surrounding the structures will be provided in the report.
- 2.12 Providence Water reserves the right to reject proposals, negotiate proposal prices, or to award projects to another firm, as deemed to be in its best interest.

III. BIDDERS QUALIFICATIONS
