

## PROVIDENCE WATER

### REPLACEMENT/REHABILITATION OF WATER MAINS AND APPURTENANCES WITHIN THE PROVIDENCE WATER SUPPLY BOARD'S DISTRIBUTION SYSTEM

BLANKET CONTRACT 2022-2024  
(PW Project Nos. 25006, 27002, & 20173)

#### ADDENDUM NO. 1

The following changes, revisions and/or supplemental information, as applicable, are hereby issued as ADDENDUM NO. 1 in connection with the Contract Documents (Specifications) issued for the above-referenced project.

1. Replace Article 3.4, Paragraph B. in Section 00200---Instructions to Bidders with the following:
  - B. It is the intent of these Contract Documents for this project and work that the Contractor that submits a Bid as Bidder as the Prime/General Contractor must meet the qualifications as either a cleaning and cement mortar lining contractor as described in Paragraph 3.4.C. or a cast iron water main replacement contractor as described in Paragraph 3.4.D. Bidder as Prime/General Contractor must self-perform all cleaning and cement mortar lining work or ductile iron relay (if bid as such) of this project and at least fifty percent (50%) of all work of the project with their own forces. The fifty percent (50%) of all the work of the project is based on the total footage of water main rehabilitation (total footage of cleaning and lining or ductile iron relay) work of the project.

Should you have any questions, please do not hesitate to contact Norm Ripstein at 401-521-6300 ext. 7212

Respectfully,

PROVIDENCE WATER
