BID PACKAGE SPECIFICATIONS

Background/Overview

The City of Providence recognizes the need to provide, high-quality, free mentoring programs to all eligible residents residing in Providence. Overall, most positive effects included significant gains in print knowledge and early math skills and had greater positive effects on children depending on their income levels. Providing access to voluntary, free, high-quality mentoring programs is a strategy proven to help close the achievement gaps that are noticeable before children enter school. While mentoring is needed and wanted by young people to help them stay on the path to high school graduation, college success, and productive adulthood, a significant mentoring gap exists in Rhode Island, especially for at risk youth. Knowing that mentoring programs help children develop important social and cognitive skills, the city would like to move forward with an option for all eligible residents.

In comparison to their peers, youth who have a mentor:

1. **52% are less likely to skip a day of school.**
 - In Rhode Island, children who are chronically absent in kindergarten have lower scores on assessments as far out as the seventh grade and are more than twice as likely to be held back.
 - In Providence, during the 2019-2020 School Year, roughly 40% of High School students (grades 9-12) were absent more than 12 days of the school year.
2. **46% are less likely to start using illegal drugs.**
 - Rhode Island ranks among the among the states with the highest percentages of adolescents reporting use of alcohol and many types of illicit drugs.
3. **37% are less likely to skip a class.**
 - In Rhode Island, BIPOC students are more likely to be suspended for minor offenses, such as being late for class, than their white counterparts even though there is no evidence that these students have more serious patterns of rule breaking.
 - In Providence, during the 2019-2020 School Year, there were a total of 1,747 total disciplinary actions against students.
4. **Experience fewer depressive symptoms.**
 - In Rhode Island, one in five (19%) children ages six to seventeen has a diagnosable mental health problem; one in ten (9.8%) has significant functional impairment.
 - Demographics above are exacerbated in Providence.

This Request for Proposals is seeking a vendor to provide specialized assessment and technical assistance, and issue program improvement grants specific to improving mentoring opportunities. These services must be designed to meet the unique needs of mentoring programs across Providence, RI.

The successful bidder will work jointly with the City of Providence and with multiple mentoring programs on best practices to facilitate mentors in various situations. The vendor will act as a passthrough for grant opportunities

**BOARD OF CONTRACT AND SUPPLY
CITY OF PROVIDENCE, RHODE ISLAND**

The vendor will be a central resource for all programs in the mentoring field and will be responsible for supporting community-based programs requesting services.

SCOPE OF WORK

The successful bidder must:

- Provide youth mentoring practitioners with support in more deeply incorporating evidence-based practices to support positive youth outcomes,
- Promote quality standards for mentoring programs,
- Expand mentoring programming and opportunities tailored to the needs and circumstances of young people

Mentor Implementation Grants

The vendor will be responsible for reviewing and awarding Pass-Through Grants (henceforth referred to as grants) to mentoring programs. The grant awarding process will require the vendor to:

- Develop, in collaboration with the City of Providence, clear policies for reviewing applications, awarding money, and tracking grants.
- Disseminate information to mentoring programs about grant award policies and review processes, including collaborating with each component of the program quality standards continuum (The National Mentoring Partnership) to ensure all eligible programs are knowledgeable about the grant process.
