**Applicants/Owners:** Karen and Jeff Hirsch, 6 Monterey Ln, Framingham, MA 01701

**Architect:** SHED Studio, 113 Hampshire Street, Cambridge, MA 02139

**Proposal:** The scope of work proposed consists of New Construction and includes:

- the construction of a single-family residence.

**Issues:** The following issues are relevant to this application:

- This application is for conceptual review
- From the application "The site is listed as 7,007 sq. ft. of area. The proposed house is comprised of approximately 3,200 s.f. of above-grade living space, plus 400 s.f. for a two-car garage and 1,100 s.f. for a below-grade basement. The site is split between the R1 and R2 zoning districts with the larger portion being in the R1 zone. R1 zoning will therefore be applied for the entire site. The design will adhere to side and rear setbacks as required for R1 zoning, and has a max height of 40' above grade.

The site lies within the Historic district. No previous structure was ever located on the site. The design seeks to be contextual with the neighborhood in terms of size, scale massing and basic design language.”;

- Plans and photos have been submitted.

**Recommendations:** The staff recommends the PHDC make the following findings of fact:

- a) 67 Williams Street is currently a vacant lot within the College Hill local historic district;
- b) The application for New Construction is considered complete for conceptual review; and,
- c) The work as proposed is in accord with PHDC Standard 8 as follows: as the proposed alterations are appropriate having determined that the proposed construction is architecturally and historically compatible with the property and district having an appropriate size, scale and form that will not have an adverse effect on the property or district.

**Staff recommends a motion be made stating that:** The application is considered complete. 67 Williams Street is currently a vacant lot within the College Hill local historic district. The Commission grants Conceptual Approval of the proposal as submitted having determined that the proposed new construction is appropriate as it is architecturally and historically compatible with the property and district having an appropriate size, scale and form that will not have an adverse effect on the property or district, citing and agreeing to the recommendations in the staff report, with the applicant to return to the Commission for Final Approval.
