

2022 SEASONAL MOORING Application for City of Providence waters

The Providence Harbor Management Plan and the City of Providence Code of Ordinances Section 11-1.1 establish a seasonal mooring field consisting of eight (8) mooring spaces. The mooring field containing these spaces is located on the Seekonk River to the north of the Gano Park Boat Launch and south of the Crook Point Bascule Bridge west of the rowing lanes. Please note that the moorings designate spaces; recipients of such mooring spaces are required to supply their own moorings/mooring tackle. The **mooring spaces are for vessels up to 25 feet in length**. See page 2 of this application for details regarding minimum mooring tackle requirements.

Applications must be filed by March 15, 2022. Submission of this application does not ensure that the applicant will be allocated a mooring; in the event that there are more applicants than designated mooring spaces a lottery shall be held prior to the allocation deadline to select recipients of the mooring spaces.

Please return this form with \$25.00 application fee to:

Sergeant Charles Vieira
Harbormaster
Providence Public Safety Complex
325 Washington Street
Providence, RI 02903

If you have questions, please contact the Harbormaster cvieira@providenceri.gov

Checks are payable to the City of Providence until an online credit card payment system is in place.

PLEASE PRINT

Applicant's Name _____ Date _____

Permanent Residence _____

Mailing Address _____

Email Address _____

Home Phone/Cell _____

Emergency Contact _____

Please attach **proof of residence** (photocopy of license or equivalent) and **proof of marine insurance**.

If a mooring is allocated, a copy of this application signed below by the Harbormaster and stamped by the City Clerk shall serve as the permit.

Sgt. Charles Vieira, Harbormaster

The applicant will be required to present proof of vessel ownership (State Registration and Title) at the time the mooring space is allocated.

The applicant must pay the annual mooring fee of \$350.00 on or before issuance of a mooring permit. This is an annual payment for a three-year permit period. At the end of the three-year period or in case of failure to pay the annual fee, the permit shall expire, though the permit-holder may re-apply for a permit. Permits are non-transferrable and the permit holder must be present on the vessel for which the permit is held. Please refer to the City of Providence Code of Ordinances Section 11-1.1, Harbor Moorings and Anchorages for additional regulations.

Permit allocation shall take place on March 1 (or, if deemed not practicable, on a later date determined in a publicly noticed meeting of the Harbor Management Commission prior to March 1). Failure to make payment by April 30 shall nullify allocation of the permit.

VESSEL USING MOORING
