Responses to questions received by January 31, 2022 at 5:00 include:

- 1. Is the public meeting referenced in Stage 2 of the scope of work intended to be held in-person?**

*Due to the changing nature of the pandemic, the Providence Redevelopment Agency anticipates this public meeting to be held virtually.*

- 2. Does the PRA want to have copies of the final Strategic Plan printed by the consultant for public dissemination? If so, how many copies of the final plan does the PRA want to have?**

*The Providence Redevelopment Agency will incur expenses related to print hard copies of the final plan. We would expect the final report to be print-ready for public dissemination.*

- 3. What is the budget for the strategic planning process?**

*The Providence Redevelopment Agency has allocated \$100,000 for this service.*
