

GCSC Jurisdiction

If the following improvements are planned on an arterial or collector, in a location identified for improvements in the Great Streets Plan, or within 300 ft of a school or rec center, the plans need to come before GCSC at conceptual & at 30% design for advisory recommendations:

- Changing curb line,
- Changing curb cuts,
- Changing traffic geometry,
- Restriping traffic geometry,
- New construction or improvement of off-road shared-use paths
