

2. CASE 22.028, 126 POWER STREET, House, pre1908 (COLLEGE HILL)
2½ stories, Queen Anne style, clapboarded and shingled.
CONTRIBUTING

Arrow indicates 126 Power Street.

Arrow indicates project location, looking north.

Applicant/Owner: Brown University, 295 Lloyd Avenue, Providence, RI 02912

Architect: KITE Architects, Inc., One Central Street, Providence, RI 02907

Proposal: The scope of work proposed consists of New Construction and includes:

- Construction of a single-family residence.

Issues: The following issues are relevant to this application:

- The application is for conceptual review;
- The proposal calls for subdividing the existing parcel into two lots and converting the existing multi-family at 126 Power Street into a single-family and constructing a new single-family on the newly created corner lot;
- Zoning relief will be needed for this proposal. Before the applicants seek relief, due to order of precedence rules, the Commission needs to review the proposal; and
- Plans and photos have been submitted.

Recommendations: The staff recommends the PHDC make the following findings of fact:

- a) 126 Power Street is a structure of historical and architectural significance that contribute to the significance of the College Hill local historic district, having been recognized as a contributing structure to the Power-Cooke Streets National Register Historic District;
- b) The application for New Construction is considered complete for conceptual review; and,
- c) The work as proposed is in accord with PHDC Standard 8 as follows: as the proposed alterations are appropriate having determined that the proposed construction is architecturally and historically compatible with the property and district having an appropriate size, scale and form that will not have an adverse effect on the property or district.

Staff recommends a motion be made stating that: The application is considered complete. 126 Power Street is a structure of historical and architectural significance that contribute to the significance of the College Hill local historic district, having been recognized as a contributing structure to the Power-Cooke Streets National Register Historic District. The Commission grants Conceptual Approval of the proposal as submitted having determined that the proposed alterations are appropriate as the proposed alterations are architecturally and historically compatible with the property and district having an appropriate size, scale and form that will not have an adverse effect on the property or district, citing and agreeing to the recommendations in the staff report, with the applicants to return to the Commission for final approval once the necessary zoning relief has been granted.
