

Athletic Facility Upgrades at Moses Brown

MOSES BROWN
QUAKERS

Why Video Scoreboard?

- Current scoreboard 20+ years old.
- Videoboards are becoming new standard for scoreboards.

Videoboard Timeline/Highlights

- Plan to Install Video Scoreboard in late October 2022.
- Proposed Scoreboard location faces away from Weymouth Ave.
- No sound comes from scoreboard; sound controlled from new central sound system in press box set to meet City noise ordinance for residential areas (65 DBA)
- MB Board already requiring limited uses – no corporate advertising.
- Developing tree planting plan for spring '23 to screen view.

This summer and fall Moses Brown will complete a total renovation and expansion of outdoor play spaces and make dramatic enhancements to the spectator experience of Campanella Field.

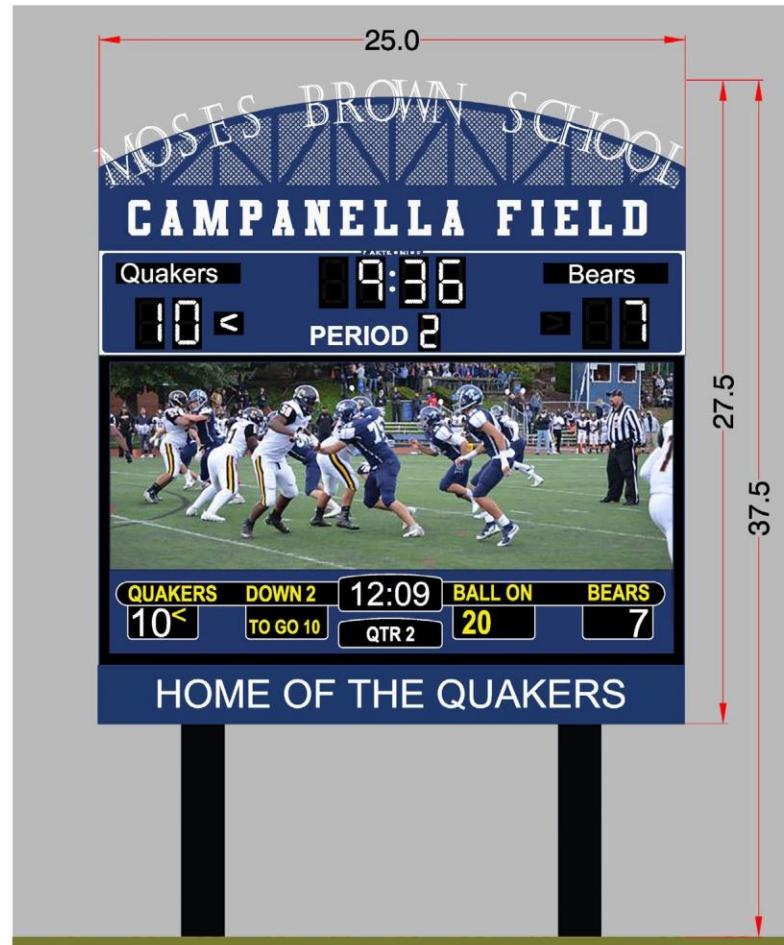

The play and outdoor education spaces directly behind the Lower School (facing Weymouth Ave.) - for Nursery through 1st graders - will be expanded and completely re-imagined, with a variety of structures to support cooperative play, individual exploration, and a sense of joy.

The upper play and outdoor education spaces for 2nd – 4th grades will also be entirely remade with a design that seamlessly integrates hillside spectator seating, an expanded Alumni Terrace, and a new press box.

MOSES BROWN SCHOOL LOWER SCHOOL & KING "DOC" ODELL TRACK RENOVATION Providence Sound Ordinance Levels

(c) With the exception of sound levels or standards specifically authorized or prohibited in this article, the following are the maximum permissible sound levels allowed at or within the real property boundary of a receiving land use or two hundred (200) feet from its source:

Sounds Levels by Receiving Land Use*

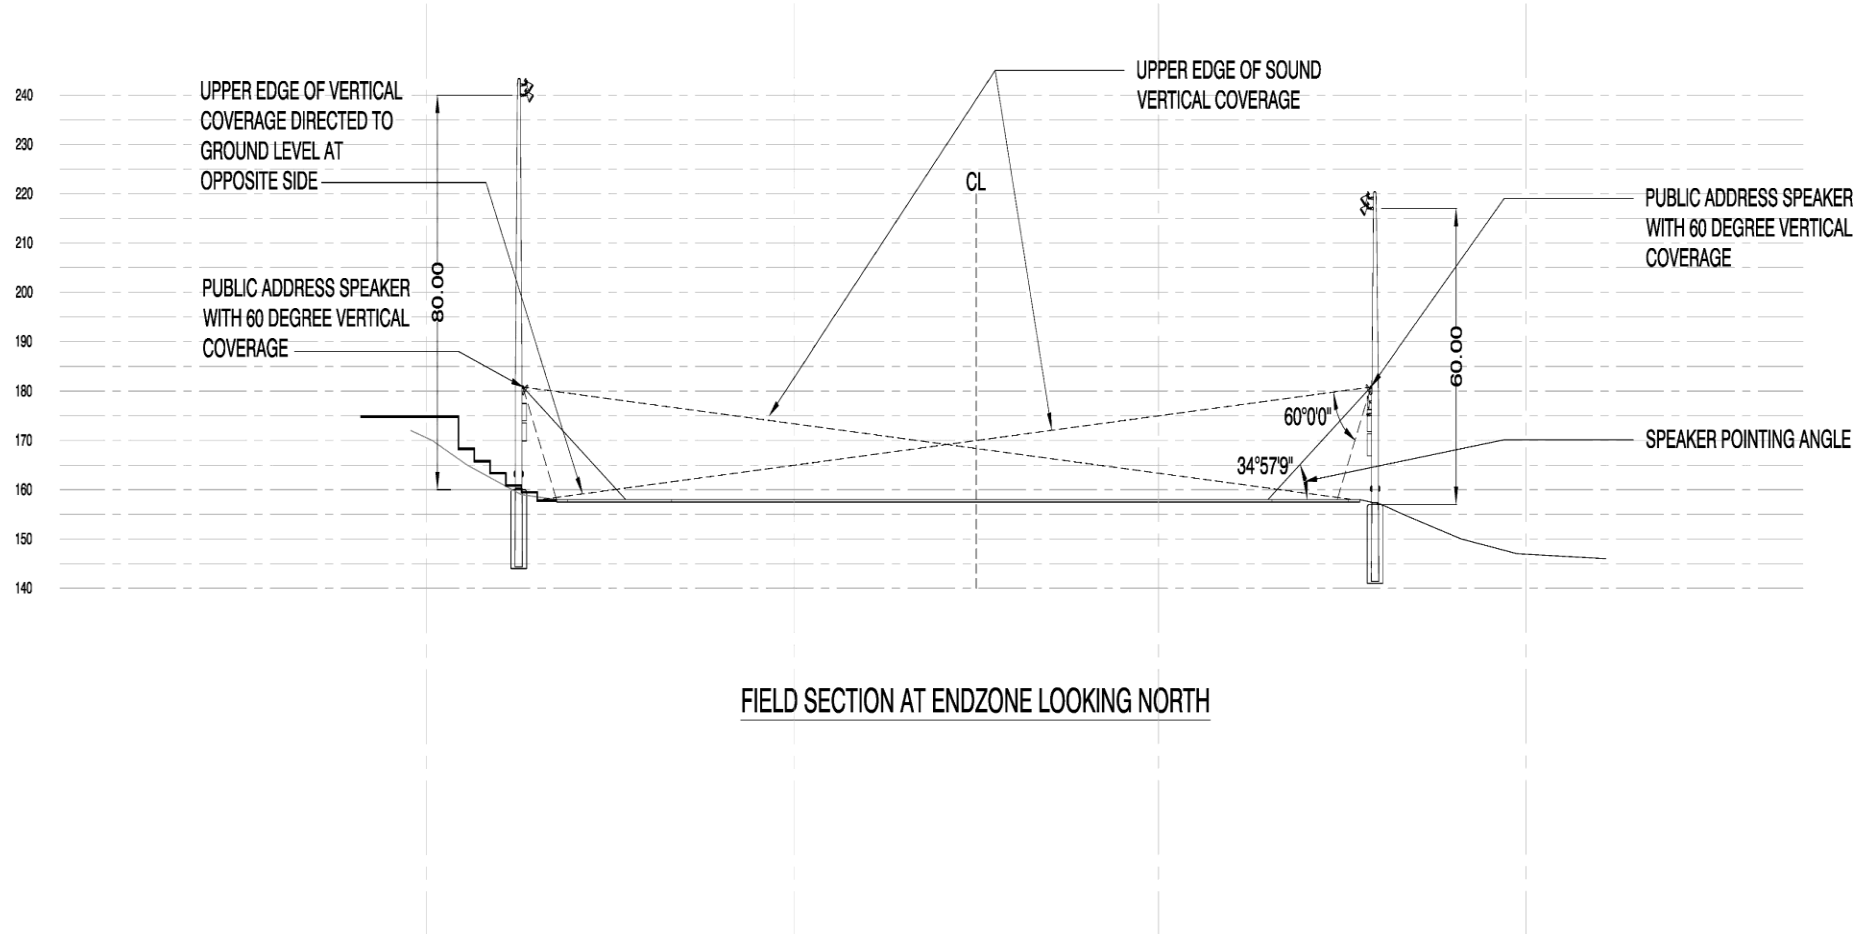

Zoning District	Time	Sound Limit (dBA)
Residential	7:00 a.m. to 9:59 p.m.	65 dBA
	10:00 p.m. to 6:59 a.m.	55 dBA
Downtown	2:00 a.m. to 7:00 a.m.	55 dBA
	All other times	75 dBA
Commercial / Industrial	2:00 a.m. to 7:00 a.m.	55 dBA
	All other times	75 dBA
Open Spaces	2:00 a.m. to 7:00 a.m.	55 dBA
	All other times	75 dBA
Waterfront	2:00 a.m. to 7:00 a.m.	55 dBA

* "Receiving land use" means the property where the noise can be heard

Videoboard Use Parameters

Videoboard Intensions:

- Campus collaborations with visual arts, digital arts and performing arts
- Off campus collaborations with Providence Career Technical Academy
- Celebrate students
- Campus announcements and community engagement opportunities such as:
 - Upcoming events (open house, performing arts events, speakers, forums, PA/PDC meetings, etc.)
 - Performing and visual arts activities, movie nights, etc.

Commitment To Neighbors Needs

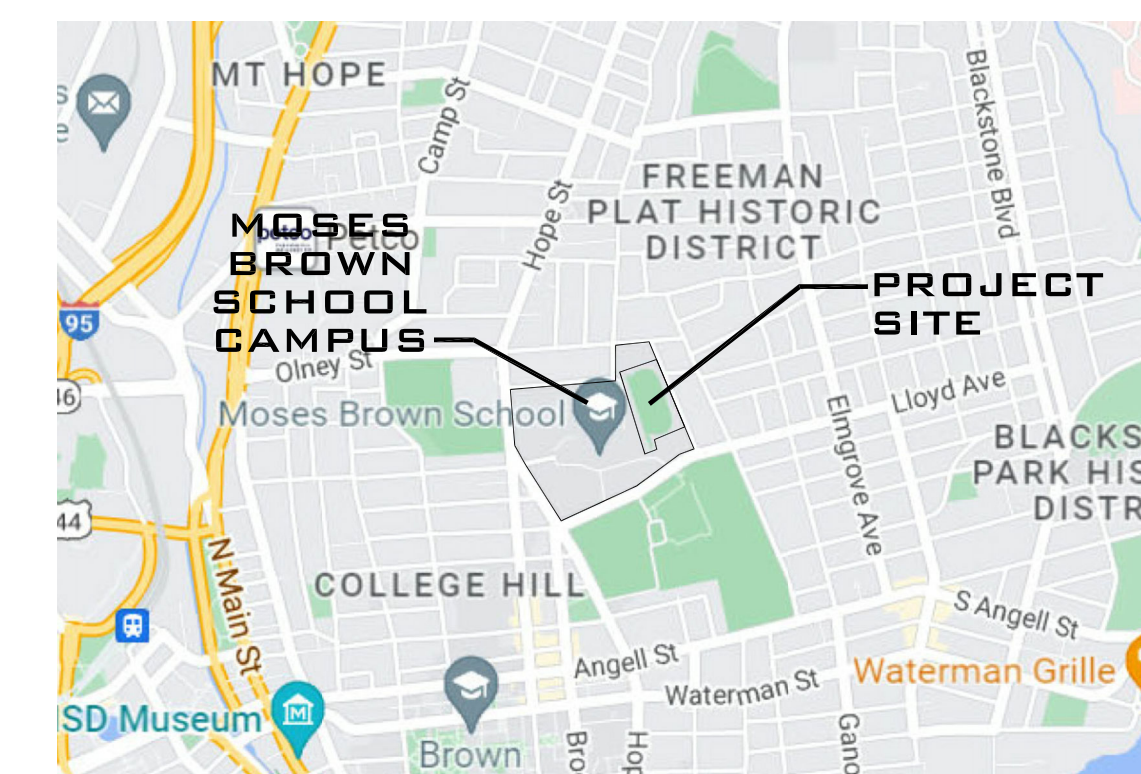

- Additional security for marquee events
- Wind screen considerations for additional light and noise barrier
- Strategic planting of trees and shrubs around the Weymouth side of campus
- Do a soil study on Weymouth hill
- Arborvitaes behind storage bin in spring/block neighbor to bin
- Garbage pick-up after major events
- Fall leaf pick up (resume pre-covid practice)
- Continue neighborhood plowing
- Strategic placement of speakers and videoboard
