ADDENDUM NO. 2
ARPA Construction for
Washington Street and East Approach

PROVIDENCE, RHODE ISLAND

The information, clarifications and revisions contained in this addendum are to be incorporated as ADDENDUM NO. 2 – ARPA CONSTRUCTION FOR WASHINGTON STREET AND EAST APPROACH. All referenced changes are to become part of the Contract Documents:

- Replace in its entirety Appendix C: Schedule of Unit Prices (PDF pages 203 to 221) with Appendix C: Schedule of Unit Prices (Addendum 2) (attached). Edits have been made to include the allowance amounts for Item 914.9901 Uniformed Officer with Vehicle at \$120,000.00 and Item 999.9901 Owner's Allowance at \$90,000.00. Page numbers have also been added.

SCHEDULE OF UNIT PRICES

**ARPA CONSTRUCTION FOR WASHINGTON STREET
AND EAST APPROACH**

The Bid provided here represents the Bidder's NOT TO EXCEED proposal to the Owner as identified in these Contract Documents. The Contractor agrees to perform all of the work contained within the Contract, at the discretion of the City, in accordance with all terms and specifications contained herein at the proposed unit prices.

The Contractor shall insert unit prices for each item in ink, in both words and figures, and is to show a total bid price (unit price times the estimated quantities). In the event a discrepancy between the written words and figures, the written words shall govern. In the event an error in the bidders total bid price, the corrected total bid obtained by the summation of the products of the unit prices multiplied by the respective quantities shall stand as the bidder's total bid price.

Unbalanced bidding is expressly prohibited and all unit bid prices will be compared for reasonable conformance with the Engineer's Estimate. The City has the right to reject award of any bid, or part thereof, to protect the public interest if it is apparent that a bid is (1) mathematically unbalanced, (2) the bidder front-end loads its bid as to amount to an advanced payment, (3) there are extreme variations from the engineer's estimate or other bids received, (4) if in the opinion of the City, the unit prices create a reasonable doubt that that apparent low bidder will actually result in the lowest cost to the Department, and/or (5) if the overall competitive bidding process has been jeopardized.

The estimated quantities shown here are based solely upon a reasonable assessment of the project parameters, thus the Contractor is advised that the actual quantities may vary substantially as field conditions may necessitate. Regardless of the amount of actual quantities, however, the quoted unit prices shall always apply.

There is no separate labor charge under this bid: unit prices shall include full compensation for all labor, materials, tools and equipment, and all incidentals necessary to complete the work as specified herein.
