Addendum # 2
SITE IMPROVEMENTS AT IOLA FRENCH PARK
JUNE 12, 2025

Total Pages Including Cover (3Pages)

Acknowledge Addenda on Bid Form

**** NEW BID DUE DATE MONDAY, JUNE 30, 2025 AT 2:15PM ****

Attachments:

1. Addendum Cover Sheet (1 Page)
2. Providence Water Service Map (1 page)
3. Providence Water Meter Costs & Separation Details (1 page)

Questions/Clarifications:

1. The bid due date has been extended by 2 weeks to June 30th to allow contractors additional time to get quotes for the plumbing and electrical work
2. Q: What is the size and material is for the watermain at Stansbury St and what's the size of the new service going into the park?
A: The main on Stansbury St is 6" Cast Iron and is located approximately 20' from the curb adjacent to the park (see map attached). The new water service should be 3" (see item 9 under the Unit Pricing section of the RFP, page 17). The table included in the water meter & backflow detail does not list the separation needed for a 3" meter, per the table attached is 23 3/8" and the cost for Providence Water to install the meter is \$3,639. The dimensions for the water meter enclosure should be +/- 36"Wx96"Lx36"H.
3. Q: Is it up to the contractor to decide between option A or option B in addendum 1 regarding the electrical service?
A: Following an additional conversation with the Parks electrician, it has been decided that Option A is the better choice and should be used for this bid.
