B: Workforce Innovation and Opportunity Act Overview

The Workforce Innovation and Opportunity Act of 2014 (WIOA) is designed to improve and streamline access to federally funded employment, education, training, and support service programs. The goal of WIOA legislation is to consolidate, coordinate, and improve employment, training, literacy, and vocational programs in the United States and provide the framework for a workforce preparation system that is flexible, responsive, customer-focused, and locally managed. The spirit of WIOA legislation emphasizes collaboration and the belief that we can accomplish more if we work together to serve participants and employers. Of particular focus in the legislation are three key driving messages:

- A commitment to providing high quality, accessible services;
- An alignment of investments in workforce, education, and economic development;
- A youth vision that supports an integrated service delivery system.

WIOA emphasizes local control and management of WIOA services through Local Workforce Investment Areas. As the Local Workforce Investment Board (LWIB) for Providence and Cranston, the WSPC board determines policies, priorities, and providers for our local area, including the local One- Stop Center, *America's Job Center of Providence/Cranston*, while also working collaboratively to create a better experience for the job seekers and employers they serve.

Accessibility

WIOA re-enacts and strengthens the non-discrimination requirements of the Workforce Investment Act’s Section 188 and requires the contracted providers to provide physical and programmatic accessibility to individuals with disabilities. Respondents must make every effort to provide reasonable accommodations for known physical, mental and/or sensory barriers in all programs, policies, and procedures.

Youth providers are expected to demonstrate efforts to provide universal access by:

- Providing outreach to all populations of eligible participants;
- Providing meaningful support for individuals with limited English proficiency;
- Offering information about services and activities to all eligible participants;
 - Providing accessibility in the physical space, by communication services and through auxiliary aids and services <https://www.ada.gov/>

B. WIOA Youth Program Required Elements

14 Required WIOA Elements

WIOA legislation requires that each participant has access to each of the following fourteen WIOA youth program elements as needed for enrolled youth. Each bid must include provision of each of the elements.

Every youth will not necessarily require every element in their individual plan, but every element must be accessible to each participant.

2. Alternative Secondary School: Alternative secondary school services or drop out recovery services.

C: Additional Program Elements

Media Literacy Skills

Media literacy is the ability to access, analyze, evaluate, and create media. Media literate youth and adults are better able to understand the complex messages we receive from television, radio, Internet, newspapers, magazines, books, billboards, video games, music, and all other forms of media. Media literacy is an effective and engaging way to apply critical thinking skills to a wide range of issues in work and life.

Programs funded through this RFP must include an aggressive media literacy plan woven throughout the 14 WIOA Elements.

Media literacy skills can help youth and young adults:

- Develop critical thinking skills
- Understand how media messages shape our culture and society
- Identify target marketing strategies
- Recognize what the media maker wants us to believe or do
- Name the techniques of persuasion used
- Recognize bias, spin, misinformation, and lies
- Discover the parts of the story that are not being told
- Evaluate media messages based on their own experiences, skills, beliefs, and values
- Create and distribute their own media messages
- Advocate for media justice

Computer Literacy is the ability to use computers and related technology efficiently with a range of skills covering levels from elementary use to programming and advanced problem solving. These skills are necessary to function in contemporary society within educational, work and just navigating a normal day. People with low incomes often are not able to access education in these technologies, which impacts their work and educational opportunities.

Programs funded under this RFP are required to include computer skills training to participants to enhance their opportunities for learning, employment and functioning in this technological era.

Career Pathways

WIOA places a strong emphasis on career pathways as defined as a combination of rigorous and high-quality education, training, and other services that:

- Align with the skill needs of industries in the local economy;
- Prepare individuals to be successful in a full range of secondary or postsecondary education options by providing education, training, employment, and supportive services through intensive case management;
- Provide clear advancement opportunities and transitions for participating youth;
- Enable participants to attain secondary school diploma or its recognized equivalent, and at least one recognized postsecondary credential; and
- Helps an individual enter or advance within a specific occupation or occupational cluster.

Work-Based Learning

WIOA requires that 20% of WIOA Youth funds *must* be spent on activities supporting paid and unpaid work experience that have as a component academic and occupational education. This may include summer employment and other employment opportunities available throughout the year such as pre-apprenticeship programs, internships, job shadowing and on the job training opportunities (OJTs). These work-based learning strategies must serve as a next step in career development, whether the desired outcome is employment or enrollment in post-secondary education or advanced training. **Work-based learning activities must be clearly described and comprise 30% of the requested budget.**

Expenditures on this program element may include more than just wages paid to youth. Allowable expenditures may also include items such as:

- Wages or stipends paid for participation in a work experience;
- Staff time working to identify and develop a work experience opportunity, including staff time spent working with employers to identify and develop the work experience;
- Staff time working with employers to ensure a successful work experience, including staff time spent managing the work experience;
- Staff time spent evaluating the work experience;
- Participant work experience orientation sessions;
- Employer work experience orientation sessions;
- Classroom training or the required academic education component directly related to the work experience;
- Incentive payments directly tied to the completion of work experience; and
- Employability skills or job readiness training to prepare youth for a work experience.

D: Trauma-Responsive Services

As defined by the U.S. Substance Abuse and Mental Health Services Administration (SAMHSA), individual trauma results from an event, series of events, or set of circumstances that is experienced by an individual as physically or emotionally harmful or threatening and that has a lasting adverse impact on the individual's functioning and physical, social, emotional, or spiritual wellbeing. Traumatic events include sexual abuse, physical abuse or neglect, emotional

abuse or neglect, domestic violence, community and school violence, medical trauma, motor vehicle accidents, acts of terrorism, war experiences, natural and human-made disasters, suicides, loss of a parent, and other traumatic losses.

Trauma-informed and trauma responsive practices are a requisite, foundational element of youth services funded through this RFP and must be thoroughly described in the response.

E: Local Job Growth Information by Sector

Applicants must plan their programs based on the expected job growth in RI. Data projections are described in detail by the RI Dept. of Labor & Training Labor Market Information <https://dlt.ri.gov/labor-market-information>

A successful bidder will present program components that further the connecting of employers, youth, and local training providers to ensure that all participants are provided with opportunities to engage with and discover career pathways, pursue training and obtain placement in high- growth/high-demand occupations.

F: Performance Outcomes

Federal and State Performance Measures

The proposer is required to meet or exceed federal performance indicators. Targets for these indicators are redefined annually by the federal and state governments, and providers will be held accountable for achieving performance targets outlined in the annual contract. Please note that some performance indicators are attainable while a youth is enrolled in the program, and others are attainable only after the youth is exited from the program for a specified time.

a) State-Negotiated Youth Performance Standards:

WIOA MINIMUM PERFORMANCE MEASURES: RI NEGOTIATED GOALS		
WIOA Youth	PY2025	PY2026
Employment (Second Quarter after Exit)	73.5%	TBD
<i>Employed or in education or training any time in the second quarter after exit.</i>		
Employment (Fourth Quarter after Exit)	71.5%	TBD
<i>Employed or in education or training any time in the fourth quarter after exit.</i>		
Median Earnings	\$4,000.00	TBD
<i>Median quarterly earnings of those employed in the second quarter after exit.</i>		
Credential Attainment Rate	63.50%	TBD
<i>Percent of exiters that received education or training who obtain a post-secondary credential or high school diploma or equivalent by the 4th quarter after exit. Those obtaining a high school diploma or equivalent only count toward the performance rate if they are employed or in education or training leading to a recognized post-secondary credential within the year.</i>		
Measurable Skill Gains	40.50%	TBD
<i>Percent of participants who, during the course of the program year, are in an education or training program and are achieving measurable skill gains, defined as documented academic or other progress.</i>		

Positive Exit Outcomes

There are only two acceptable positive outcomes for youth who are **exited** from the program: unsubsidized employment or training or education, including apprenticeship.

The term "program exit" means a participant does not receive a service funded by the program or funded by a partner program for 90 consecutive calendar days and is not scheduled for future services. Once the participant exit date has been determined, all performance measures are linked to that date.

G: Performance and Case Management Tracking

EmployRI is a state-managed database that supports statewide employment and training operations. It is designed to integrate employment and training program services including WIOA. *EmployRI* provides customer tracking and enables RI to report on federal and state mandated WIOA reporting requirements.

All successful bidders will be required to use *EmployRI* to record and track all client activities and program services. Reports generated from *EmployRI* will be used to determine program performance by the subrecipient, WSPC and the State. Therefore, knowledge of the system, accuracy of data entry and timely entry of information are critical. Suprecipients will be trained in use of the *EmployRI* system through local trainers; it is the subrecipient's responsibility to ensure ongoing staff expertise and compliance.

In addition, subrecipients may be asked to provide additional documentation or information to evaluate performance outcomes as well as program strengths and weaknesses. Therefore, an internal tracking knowledge and mechanism is required.

All budget proposals must also “stand alone” and only include matching funds you are certain you will receive.

C: Limitations

This RFP does not commit WSPC to award a contract or to pay for any of the costs in the preparation of a proposal. WSPC reserves the right to accept or reject any or all proposals received because of this request or to cancel in part or in its entirety this RFP, if it is in its best interest to do so and reserve the right not to fund any proposal solely due to the submission of the lowest cost or receipt of the highest ranking.

All contract awards are subject to the availability of WIOA Funds and the execution of a contract that is acceptable to both the selected respondent and WSPC.

D: Youth Eligibility

Participant eligibility for all WIOA youth programs funded through this RFP must be verified in writing by WSPC staff before any WIOA services may begin.

In addition, the subrecipient must ensure all funds expended by the partner(s) are in compliance with the federal regulations and applicable OMB guidelines. Disallowed costs by the partner(s) agency will be the liability of the subrecipient. If a Partner Agreement is amended or cancelled, written notice must be submitted to

The Board prior to finalization. If WIOA funds are affected, a modification to the contract must be approved and completed.

NOTE: If a Partner Agreement supported by funds is not included in the original proposal submission and it is determined later that specific that services are needed, a competitive procurement process must be initiated. A sub-contractor agreement must be completed and WSPC staff must approve the sub-contract. A competitive procurement process also is required if a Partner Agreement is terminated at any time prior to the end of the contract period and a new partner is identified to deliver those services.

F: Closeout Report

By your submission of a bid proposal or response to the City’s RFP, you accept these Standard Terms & Conditions and agree that they supersede any conflicting provisions provided by bid or in any terms and conditions contained or linked within a bid and/or response. Changes in the terms and conditions of the Agreement, or the scope of work thereunder, may only be made by a writing signed by the parties.
3. You are an independent contractor and in no way does this Agreement render you an employee or agent of the City or entitle you to fringe benefits, workers’ compensation, pension obligations, retirement or any other employment benefits. The City shall not deduct federal or state income taxes, social security or Medicare withholdings, or any other taxes required to be deducted by an employer, and this is your responsibility to yourself and your employees and agents.

8. To the fullest extent permitted by law, you shall indemnify, defend, and hold harmless the City, its employees, officers, agents, and assigns from and against any and all claims, damages, losses, allegations, demands, actions, causes of action, suits, obligations, fines, penalties, judgments, liabilities, costs and expenses, including but not limited to attorneys’ fees, of any nature whatsoever arising out of, in connection with, or resulting from the performance of the work provided in the Agreement.

The City shall have the time permitted within the applicable statute of limitations, and no less, to bring or assert any and all causes of action, suits, claims or demands the City may have arising out of, in connection with, or resulting from the performance of the work provided in the Agreement, and in no event does the City agree to limit your liability to the price of the Agreement or any other monetary limit.
11. 17. The failure of the City to require performance of any provision shall not affect the City's right to require performance at any time thereafter, nor shall a waiver of any breach or default of this Agreement constitute a waiver of any subsequent breach or default or a waiver of the provision itself.
18. If any term or provision of this Agreement, or the application thereof to any person or circumstance shall, in any extent, be invalid or unenforceable, the remainder of this Agreement shall not be affected thereby, and each term and provision shall be valid and enforceable to the fullest extent permitted by law.
